REGISTRATION PROCEDURES

There will be a single registration for the entire summer session of 1968. During the registration of June 6 and 7, students will register for all courses which they plan to take during either of the two summer terms. On Monday, July 15, a change-of-course center will be set up to process adds and drops for any student needing to make a change in his original schedule.

\*Special Note: It is recognized that some students planning to attend the second term only will not be able to register until the beginning of that term on Monday, July 15. While provision will be made to see that the student does get registered, he is encouraged to register at the beginning of the Summer Session in order to insure space in classes.

Only the general steps in the registration procedure are listed here. More specific instructions will be presented in an instruction sheet which will be issued with registration materials. Basically, the registration procedure consists of the following steps:

- (1) Secure registration materials.
- (2) Confer with faculty adviser to secure his guidance and approval in planning your schedule.
- (3) All students must present ID cards for admission to the registration center. Current students will use the cards they now have. New students, former students, and current students who have lost their ID cards will follow instructions accompanying the registration materials.
- (4) Enter the Registration Center at the time indicated on the Appointment Card in the registration material to secure class cards and pay fees.
- (5) Any student who does not receive registration materials by mail may report to the Graduate Office during the week prior to registration, from 8:00 a.m. to 4:00 p.m. to clear his admission or readmission. Registration packets may be secured during the following hours at the basement of Jones Hall:
